

Stakeholder Participation Guidelines
Agreed to by the DMG for use at the DMG meeting
On April 22, 2004

1. DMG meetings are not public meetings; rather they are interagency staff meetings that are open to the public as appropriate.
2. Stakeholder comments will be received at the times listed on the agenda
3. Good time management necessitates that comments be limited to items listed on the agenda or the 5 year plan.
4. Stakeholders may suggest items for the agenda to John Hamill or Clarence Everly
5. Concerns with specific agencies, managers, agency management activities should be addressed to that agency outside the DMG meeting.
