

Mohave tui chub

Update on its status at two
sites

Summary of Existing Locations

- Currently at 3 locations
- Ft. Soda (Lake Tuendae and MC Spring – Mojave National Preserve)
- Lark Seep Complex (China Lake NAWWS)
- Camp Cady (CDFG)
- Historically placed at 13 other locations – all unsuccessful

Criteria Needed to Downlist to Threatened

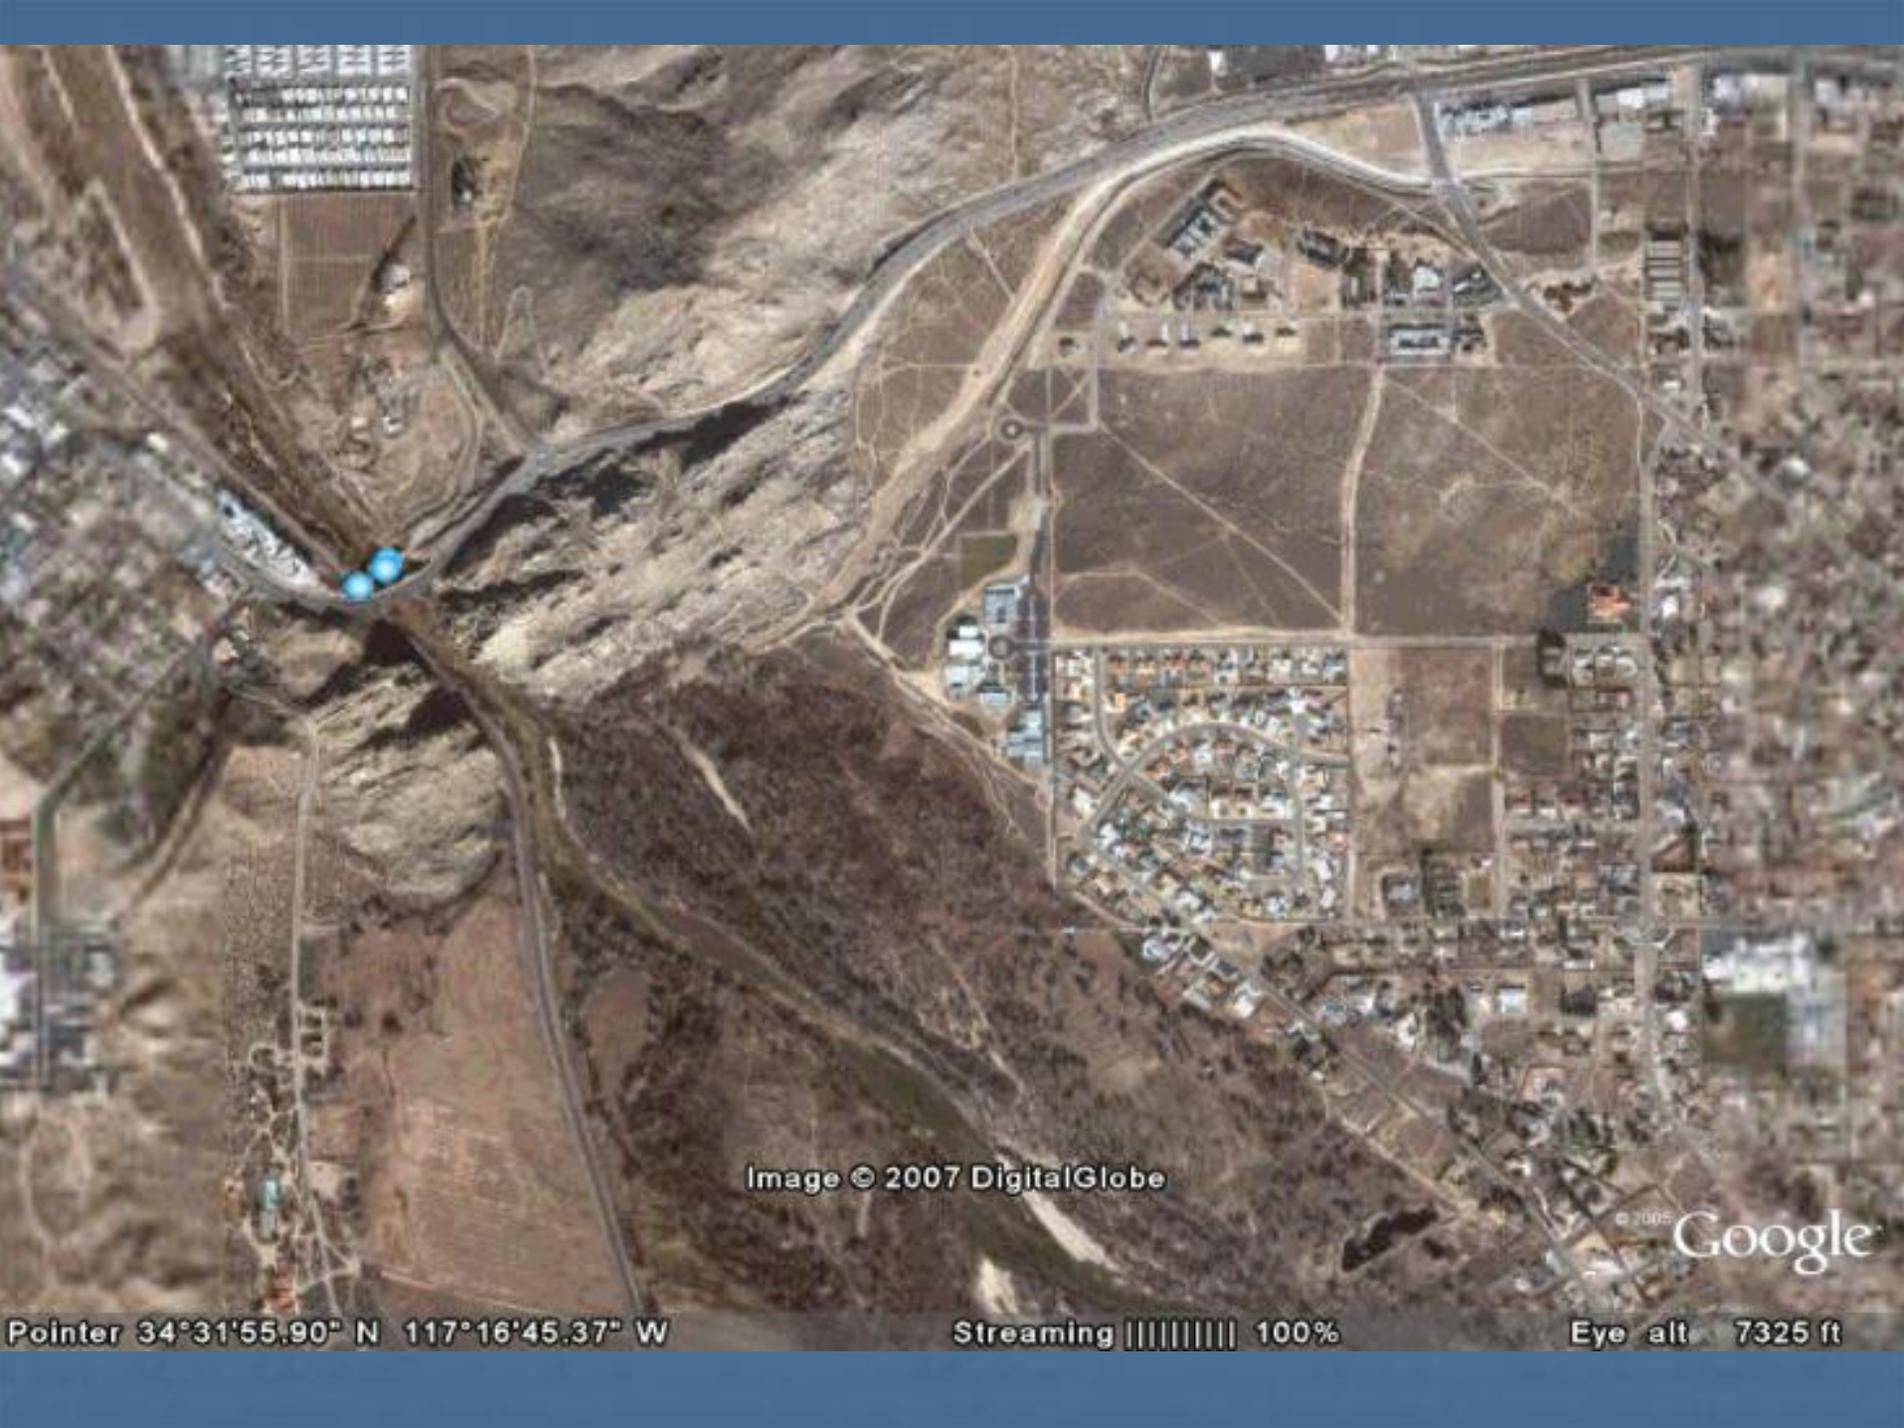

- Minimum of 6 locations
- Sustained for 5 years
- Minimum population size of 500 per location

Proposed Additional Locations

- Pond at Morningstar Mine
- Deppe Pond
- Coxey Pond

Lewis Center for Environmental Excellence

- Students at the Lewis Center are interested learning about and helping the MTC
- School's Science Coordinator collaborated with agencies, existing and new partners to help and learn about the MTC
- Want to establish MTCs at Deppe Pond

Deppe Pond

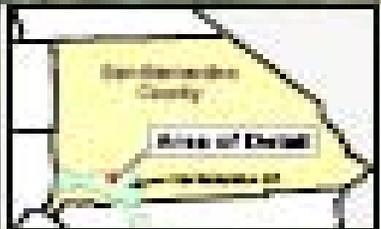

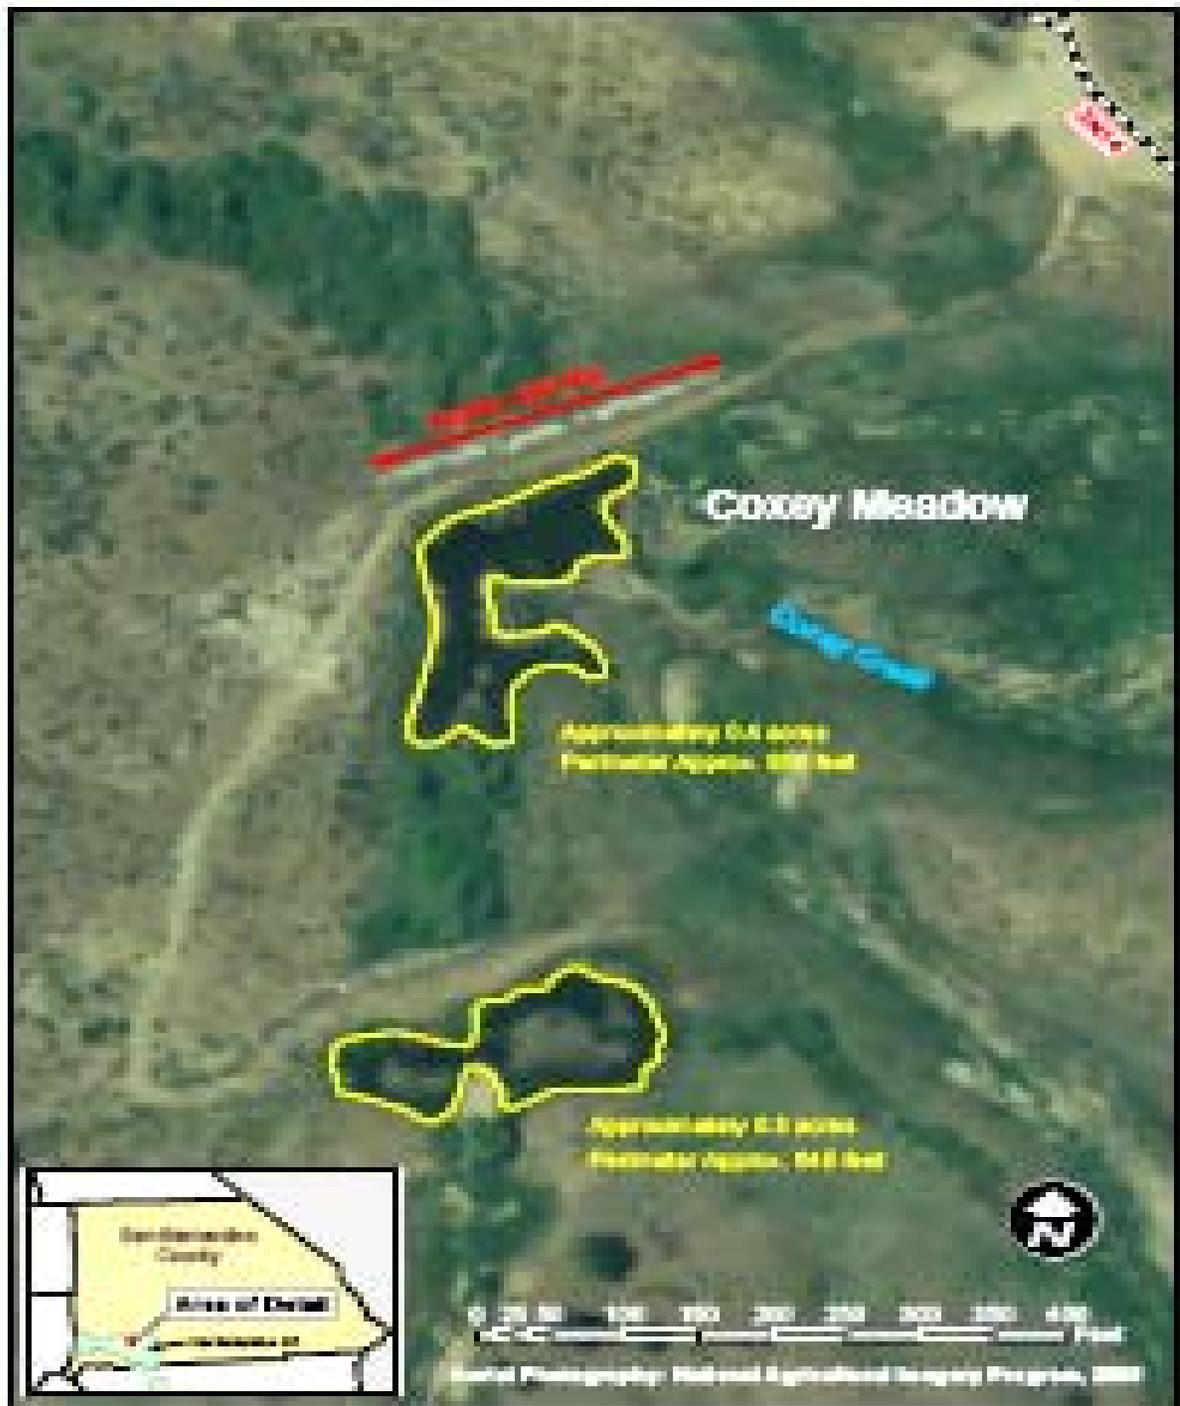

San Bernardino National Forest

- Aquatic Programs Ecosystem Manager suggested Coxey Pond
- Tributary to Deep Creek and Mojave River

Current and Proposed Locations

- Ft. Soda (NPS)
- Lark Seep Complex (Department of the Navy)
- Camp Cady (CDFG)
- **Morningstar Mine (NPS)**
- **Deppe Pond (Private)**
- **Coxey Pond (USFS)**

What is Next

- Historically 13 unsuccessful locations
- Recommend more than 6 populations to ensure there are at least 6 populations in the future to downlist
- Request possible locations for additional sites in the Mojave River Basin
